

Why choose Mother Nature for your child's special day?

Enough hype from Us, let's hear what our previous customers had to say about their Party:

"I would like to register with you top feedback marks for the Mother Nature crew. You were Fab, the kids loved it and I would recommend you to anyone. Across town in the snow and you were still early, well done Mother Nature!" *M. Mason*

"A well-balanced and full party programme executed really well by your Scientist who interacted with the children very easily. Highly entertaining and educational." *L. Appleby*

"All the children enjoyed it very much and were totally engaged throughout!" *I. Ali*

"All the parents say the kids loved it and there were lots of volunteers." *J. Elington*

"I have already sent your website address to a number of parents. Your team are exceptionally helpful, every time I called and nothing seemed to be a problem. Thank you for making my daughters party so much fun!" *Mrs Nanra*

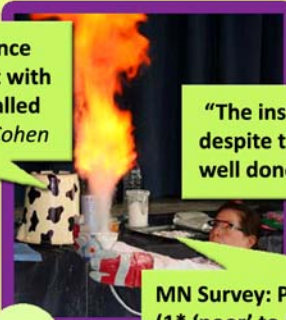

"All the children went home talking about the Party. Apparently, one child even turned her bathroom into a lab!" *Mr Palmer-Garrett*

"I was delighted with the science demonstrator. Punctual, great with the kids and kept them enthralled and he cleared up nicely." *B. Cohen*

"The instructor managed amazingly, despite the kids being overexcited, well done!" *L. Fossati-Jimack*

"The boys and girls really enjoyed it and you managed to maintain their interest over a sustained period and teach them a lot too. The best tribute is that my son declared he is having another science party next year and he wants you back!" *E. McKendrick*

MN Survey: Please rate our Party from 1 to 5* (1* 'poor' to 5* 'excellent')

"Educational Value = 5* Entertainment value = 5* Instructor's conduct = 5* Value for money = 5* Would you recommend us = Definitely!" *Ms Devlin*
